17. Dr. Rajesh Gupta, I/c HoD Civil Engineering Department
18. Dr. (Mrs.) Madhuri Chaudhari, I/c HoD Electrical Engineering Department

Director welcomed all and informed that in sequel to earlier discussion on development of Master plan of the Campus, all Departments were requested to discuss likely academic growth in next 25 years or so.

HoD or their representatives from all the departments have informed that they have had one round of discussion with the faculty members in the Department. The write up on envisaged academic growth has been or will be sent to Dean (Acad). During discussion it emerged that the infrastructure required for the envisaged academic growth shall be given as input for the development of Campus master plan. It is decided that a standard format will be sent to all the departments to seek the required data.

In connection with academic growth, it is opined that efforts shall be made to acquire QIP centre at all the Departments. Dean (R&C) is requested to do the needful.

Meeting ended with thanks by the Director to all.

Director
