

About recent visit of Dr. A.M.Kuthe at University of Cambridge UK:

Prof. A.M.kuthe recently visited Institute for Manufacturing, university of Cambridge UK. He met Professor Sir Michael Gregory and Dr.Simon Ford and interacted about academic collaboration. Professor Sir Michael Gregory is Head of institute for manufacturing and is keen to help VNIT in sustainable and international manufacturing field. Dr. Simon Ford has established Bit By Bit Group to disseminate the knowledge about 3D printing all over the world. He has also shown interest in the activities of CAD-CAM centre. Director of VNIT has shown the interest in calling Professor Sir Michael Gregory for some period at VNIT campus so that his expertise will be of help to faculty members for upgrading and also for writing international R & D projects. Prof. Kuthe is in touch with Professor Sir Michael Gregory for the said matter.
