2017**

# One Week Workshop on

# Manufacturing of Advanced Materials A Research Perspective (MAM-2017)

26<sup>th</sup> - 31<sup>st</sup> May, 2017

## Scope:

- Emerging techniques for manufacturing and processing of advanced materials.
- State of the art machining methods for difficult to cut alloys and composites.
- Computational methods for the liquid metal flow during casting process.
- Advanced metal forming techniques for the defense and automobile applications.
- Surface engineering technologies for aerospace and earthmoving components.
- Unconventional and Micro-Machining Processes for complex shapes and features.

## Registration Details:

- Last date of registration: 8<sup>th</sup> May 2017
- More details can be found at  
<http://www.cfdtraining.org/mam-2017.html>

## Registration Fee (Includes 15% Service Tax):

- Faculty/Academia: Rs. 5,000/-
- Students/Scholars: Rs. 2,500/-
- R&D Labs/Industry: Rs. 8,000/-
