

# VISVESVARAYA NATIONAL INSTITUTE OF TECHNOLOGY, NAGPUR

## Notification / Notice for B. Tech Admission Under JOSAA / DASA 2020

Due to prevailing Covid-19 pandemic situation in Nagpur city and difficulty for physical reporting due to unavailability of flights / trains and shortage of time for planning and meeting mandatory quarantine requirements by the candidates and parents, it is decided that candidates shall undergo for online reporting to Institute instead of physical reporting as per the JOSAA / DASA 2020 schedule. The procedure for online reporting to the Institute will be notified at the Institute website.

The candidates and the parents are requested to note that only provisional admission will be granted during the online reporting. The admission shall be confirmed subjected to verification of documents with original documents during physical reporting later.

Since during regular JoSAA-2020 (Round 1-6) reporting was done in the online mode and there was no way to do medical examination of PwD candidates at verifying centres. Therefore, all the allotted PwD candidates were provisionally verified based on the PwD certificates submitted by them. However, as communicated by the Chairman, Central Seat Allocation Board (CSAB)-2020, MNNIT, Allahabad, all candidates allotted seat under PwD category at VNIT Nagpur are required to undergo medical examination by the Medical Board at VNIT Nagpur, during November 9-13, 2020 only.

Hence all candidates allotted seat under PwD category in VNIT Nagpur in various UG programmes, are required to physically report to the VNIT, Nagpur during November 9-13, 2020 for their medical examination by the medical board.
