On

## **Aspects of Continuous Casting of Steel (ACCS-21)**

22<sup>nd</sup> to 26<sup>th</sup> November 2021

Organized by,

DEPARTMENT OF METALLURGICAL AND MATERIALS  
ENGINEERING (MME),  
VISVESVARAYA NATIONAL INSTITUTE OF  
TECHNOLOGY (VNIT), NAGPUR-10,  
MAHARASHTRA STATE, INDIA.

### About the Institute

Visvesvaraya National Institute of Technology, Nagpur is one of the thirty-one National Institutes of Technology in the country. The Govt. of India conferred on the Institute, the Deemed to be University status under University Grants Commission Act, 1956 (Section 3 of 1956) with effect from 26<sup>th</sup> June 2002. Subsequently, the Central Govt. by Act of Parliament (National Institutes of Technology Act, 2007 (29 of 2007)) declared VNIT Nagpur as an Institute of National Importance along with all other NITs. The Act was brought into force on 15<sup>th</sup> August 2007. Earlier, the Institute was known as Visvesvaraya Regional College of Engineering (VRCE). It was established in the year 1960 under the scheme sponsored by Govt. of India and Govt. of Maharashtra. The college was started in June 1960 by amalgamating the State Govt. Engineering College functioning in Nagpur since July 1956. In the meeting held in October 1962, the Governing Board of the College resolved to name it after the eminent engineer, planner, and statesman of the country Sir M. Visvesvaraya.

### About the Department

The department of Metallurgical Engineering was founded in 1965 and the first batch of students passed out in 1969. The faculty and the equipment facilities in the department are well developed over the last four decades for UG/PG programme in Metallurgical and Materials Engg. Research

programs are catering to the requirement of industrial testing and consultancy.

The faculty has established excellent rapport and effective interaction with all the major industries and R & D organizations in and around Nagpur. This has resulted in the regular flow of testing/consultancy work.

The department is also actively engaged in continuing education programs on Welding, Failure analysis, Testing and QC, Casting and solidification processes, Electric steelmaking, Structure-Property correlation, etc. for industries in the region.

### About Workshop

#### Course content

- Introduction to Continuous Casting of Steel
- Slab and Thin Slab casting
- Tundish Metallurgy
- Role of Mold Slag
- Defects, Cracking in casting – causes and Remedies

#### Resource Persons

The course will be conducted by distinguished faculty members from reputed National & International Institutions, scientists along with Industry Experts.

#### Who can participate?

- Metallurgical Engineers and research scientists.
- Industrial professional.
- Students and faculty members from academic institutions.

### Registration Details

**Registration Fee includes e-certificate, admission to all the sessions.**

**The registration fee could be paid through only online transfer (NEFT) “Director VNIT, Nagpur”**
